Tēnā koe [REDACTED],

Official Information Act request

Thank you for your request under the Official Information Act 1982 (OIA), which we received on 18 December 2023.

You said:

Could you send me a list of all media that's been banned for containing "homosexual themes", "lesbian themes", "queer themes" or other lgbtq related reasons.

Could you break this down into two lists one showing those that are banned for just lgbtq related stuff and one that's also banned for other things (such as exploitation of a minor)

Please provide as ether a table or csv. Please include any extra informations (date of publication, date of classification, author, who reviewed it etc) as reasonable

In responding to your request, we have weighed up the factors in the OIA, including the purposes in [section 4](#) and the principle of availability in [section 5](#).

Response to your request

Te Mana Whakaatu—Classification Office does not hold a list of the kind you describe. Accordingly, your request is refused under [section 18\(e\)](#) of the OIA.

Additional information

No publications have been banned solely because of LGBTQ+ content or themes under our current legislation, the Films, Videos, and Publications Classification Act 1993. Historically, some publications that deal with LGBTQ+ content and themes were banned by the Indecent Publications Tribunal under previous legislation.¹ Some of those publications remain illegal in Aotearoa New Zealand.

¹ The Tribunal was a predecessor to the Classification Office. It existed from 1964 to 1994.

Attached is a list of some written or printed publications with LGBTQ+ content or themes which have been classified by the Tribunal. Banned publications are in red.

Te Mana Whakaatu—Classification Office compiled this list so that we can systematically review these classifications as part of our work with Rainbow stakeholders in our historical publications project. Part of this work involves determining whether these publications should remain banned for other reasons. We expect to conclude this work in 2024.

This list refers only to written or printed material and does not include films, games, or other types of publications which are banned and contain LGBTQ+ content or themes.

Publication of response

This response may be published on the Classification Office's [website](#). If it is published there, your personal information will be redacted.

Right of review

You have the right to make a complaint and seek a review by the Ombudsman of this response under [section 28\(3\) of the OIA](#). Information about this process is available at ombudsman.parliament.nz or freephone 0800 802 602.

Thank you for your interest in our mahi.

Ngā mihi nui,
Te Mana Whakaatu—Classification Office

IP168	Coming Out Right: A Handbook for the Gay Male	IPT 93-145 (3 of 12)	Book	William Hanson. Published by Alyson Publications Inc.	Gay	Unrestricted	25/07/1985	Reclassified 17 Dec 1993	Considered meritorious. "The Honourable Geoffrey Palmer gave leave for resubmission in 1988. The earlier Decision of "indecent" was confirmed on the basis of different reasons but only by a 3 to 2 majority. The 2 minority opinions favoured an R16 restriction only. The majority and minority opinions are annexed as Decision Nos 27/88, 17/89 and 35/89. For the same reasons which were advanced in Minority Decision Nos 17/89 and 35/89, we classify Men Loving Men by Mitch Walker not indecent. Although the legal age of consent is still a relevant consideration, given our understanding that sexual activity between or among persons under the age of 16 years is widespread, and this book is written in an informative style, in our view it seems pointless to impose an age restriction on the availability of this publication." Blueboy Vol 1 No. 2	IPT 90-2 (1 of 27)	Magazine	Blueboy Inc, USA	Gay	Indecent	22.5.1990	other Blueboys i18	There are a number of magazines which come before the Tribunal which would ordinarily receive an age restriction classification if it were not for the inclusion of a video section which contains explicit photographs, although in most cases falling short of actual sexual intercourse or anal or oral penetration. On some occasions the presentation has been low key and of such a nature that the Tribunal has given the age classification requested by the importer. On others the presentation has gone past that which the Tribunal is prepared to accept for such a classification. The present publication in the section in question, is of such a nature that the Tribunal is satisfied that it would be injurious to the public good and it classifies this edition as unconditionally indecent.
